Here's what other past students (Leading Hands/Supervisors) have said about completing their Certificate IV in Civil Construction qualification...

"I found the full assessments were very helpful in developing work skills as I needed to search for answers. The training assessment was practical and the process was fair and reliable. The course was easy to enrol, easy to deal with great trainers, and it is government funded. I recommend it to up and coming supervisors and leading hands." **Wayne Buckley**

"My GTI contact Ross Hicks was very good to deal with. His knowledge and understanding of the course was excellent and made my learning experience easier. GTI is flexible with its time and did all they could to ensure I had the support I needed to succeed. I have been actively employed in the civil industry for over 10 years straight now so most of the subjects were second hand to me. I did however enjoy learning about road design again as I hadn't done them for a few years." **Sam Clatworthy**

We are looking forward to helping you to complete your course and Advance your Career. **The team at Global Training Institute**
