## Here's what other past students (Foreman/Site Project Managers) have said about completing their Diploma of Civil Construction Management Qualification...

*"Good practical discussions were encouraged at workshops, and good exchange of ideas and strategies. The content was well suited to our Civil management roles. It reinforces good processes for the workplace. Workshops are always high value/high gain- excellent sessions. Thanks."* Andrew Dunbar – Manager, Abigroup

*"The qualification backed up what I do day to day. I learned more about company policies and environment factors, which I'm now more aware of at work. It was a very accommodating course because it allowed me to do it in my own time and at times which suited me. It did not interfere with my work days and therefore would certainly recommend the training to others. All aspects of the training really suited me. I enjoyed having the opportunity to study and discuss with a trainer and a time that suited me. The staff were always very supportive at all times. Excellent."* Paul Abbott

*"I have now completed 5 qualifications with Global Training Institute. My Diploma of Project Management, Diploma of Civil Construction Management, Diploma of Management, I then went on and completed my Advanced Diploma of Project Management and my Advanced Diploma of Civil Construction. The Diploma qualifications helped me greatly to get a new position with a company that I really enjoy and came with a great package. I was very happy with the structure and presentation style used for the course. The knowledge can be applied to our projects. The learning's also have benefits outside of work."* Tony Grey Leightons

*"I have 3 x Diplomas with Global Training Institute and am now completing my Advanced Diploma so I can go to University. I now work between Australia and overseas in Laos and have sessions with my Trainer via skype and emails, and I use the online area for everything. The courses have all been great and it made me confident to apply for higher positions in Civil Construction, which I now have. The support from Global is excellent. The supplied materials were very helpful to use for developing my work skills. I am able to use my former experience and evidence in my assessments. I would recommend the training to others 100% - very good school, good Trainers and very helpful staff."* Michael Schroers.

We are looking forward to helping you to complete your course and Advance your Career.
